Dear Safire Broker

Sasria is the only non-life insurer who provides affordable, voluntary cover against unique risks such as civil commotion, public disorder, strikes, riots and terrorism to any individual, business, or corporate entity which has assets in South Africa.

In these tough economic times, our clients work hard to acquire both personal and business assets, so it is important for them to protect these assets against the unforeseen.

It is therefore important for you as intermediaries to check all policy schedules for our mutual clients to ensure that the correct Sasria rating has been applied to each applicable item.

The Sasria website is regularly updated with any new products, rates and all the information that you need to ensure that your client has the relevant cover against any Sasria peril.

Below is the Sasria website for your ease of reference:

Beste Safire Makelaar

Sasria is die enigste nie-lewens versekeraar wat bekostigbaar is vir vrywillige dekking teen unieke risiko's soos burgerlike oproer, openbare wanorde, stakings, onluste en terrorisme vir enige individu, sake- of korporatiewe entiteit wat bates in Suid-Afrika het.

In hierdie moeilike ekonomiese tye werk ons kliënte hard om persoonlike en besigheidsbates te bekom, daarom is dit belangrik vir hulle om hierdie bates teen die onvoorsiene te beskerm.

Dit is dus belangrik vir jou, as tussenganger, om alle polisskedules vir ons gesamentlike kliënte na te gaan om te verseker dat die regte Sasria-gradering op elke relevante item toegepas word.

Die Sasria-webwerf word gereeld opgedateer met nuwe produkte, tariewe en al die inligting wat jy sou benodig om te verseker dat jou kliënt die relatiewe dekking teen enige Sasria-gevaar geniet.

Onderaan is die Sasria-webwerf vir jou gerief:
